SECTION 1: GENERAL PRINCIPLES

1.1. PRINCIPLES OF ACCESS TO FACILITIES AND SERVICES

1.1.1. **Reasonableness:** An Access Provider may refuse a request if:

(a) supply of the relevant listed Facilities or Services would not be reasonable (see subsection 1.1.2 of this RAO); or

(b) supply of the relevant listed Facilities and/or Services would be reasonable, but the terms and conditions requested by the Access Seeker are not reasonable (see subsection 1.1.3 of this RAO).

1.1.2. **Unreasonable request:** Although not prescribed by the Act, a request for access to a listed Facilities or Services may not be reasonable if one or more of the criteria in subsection 2.4.11 of this RAO are satisfied. For clarification, this RAO does not intend or attempt to narrow the grounds of refusal upon which a Party may rely under the Act.

1.1.3. **Unreasonable terms:** The Act provides for several mechanisms to determine terms and conditions if the parties are unable to reach agreement on the terms and conditions of supply, including dispute resolution by the Commission.

1.1.4. **Non-discrimination:** As required by subsection 149(2) of the Act, an Access Provider must provide access to those Facilities and/or Services specified in the Access List Determination, and such access must be:

(a) of at least the same or more favourable technical standard and quality as the technical standard and quality provided for itself on the Access Provider's Facilities and/or Services; and

(b) provided on an equitable and a non-discriminatory basis.

1.1.5. **Meaning of non-discriminatory:** For the purposes of this RAO, the term "non-discriminatory" requires comparison of:

(a) the basis on which a thing is provided by the Access Provider to an Access Seeker; with

(b) the basis on which that thing is provided by the Access Provider to itself and to other Access Seekers.

1.2. APPLICATION OF NON-DISCRIMINATION PRINCIPLE

1.2.1. **Examples:** The non-discrimination principle contained in subsection 149(2) of the Act applies to, amongst other the following:

- (a) processing of applications for access;
- (b) acceptance or refusal of Access Requests;
- (c) provision of information required to provide Forecasts or place Orders;
- (d) provisioning of Facilities and/or Services;
- (e) allocation of constrained capacity;
- (f) fault reporting and fault rectification;
- (g) Network Conditioning;
- (h) allocation of space at exchanges;
- (i) the purpose or use for which access is provided; and
- (j) access to Operational Support Systems in respect of service fulfilment and service assurance.

1.2.2. **Non-Standard performance:** Nothing in this RAO limits an Access Seeker's ability to request access to Facilities and/or Services that is either superior or inferior (e.g. as to technical standard and quality) to that which an Access Provider provides to itself.

1.3. CUSTOMER PRINCIPLES

1.3.1 **Recognition of principle:** All Operators must recognise and act consistently with the Customer relationship principles referred to in subsection 1.3.2 of this RAO.

1.3.2 **Customer Relationship principles:**

- (a) A Customer will be regarded as a Customer of an Operator when the Customer utilises Facilities and/or Services provided to that Customer by the Operator.
- (b) The same person may be a Customer of more than one Operator:
 - i. in respect of the same or different Facilities provided by different Operators;
 - ii. in respect of the same or different Services provided by different Operators; or
 - iii. in respect of Facilities provided by one Operator and Services provided by another Operator.

- (c) The supply by an Operator to another Operator, which the latter Operator then utilises in providing Facilities and/or Services to its Customers, does not mean that those Customers are also Customers of the first-mentioned Operator.
- (d) Each Operator will be responsible for billing its own Customers, unless express agreement to the contrary is made by the Access Provider and the Access Seeker. An agreement to the contrary may include, without limitation:
 - i. the Access Provider billing on behalf of the Access Seeker; or
 - ii. the Access Provider in its own right billing the Customer of the Access Seeker and making a separate payment to the Access Seeker.

1.4. NO EXCLUSIVITY AND NO RESTRICTION ON RESALE

- 1.4.1. An Access Provider must not, in relation to the supply of a Facility and/or Service, include a term or condition in an Access Agreement preventing an Access Seeker from acquiring the same or any other Facility and/or Service from another Operator.
- 1.4.2. An Access Provider must not, in relation to the supply of a Facility and/or Service, include a term or condition in an Access Agreement preventing an Access Seeker from re-supplying that Facility and/or Service to any person.

1.5 NECESSARY THIRD PARTY INVOLVEMENT CAUSING OR CONTRIBUTING TO NON-COMPLIANCE IN TIMEFRAME

1.5.1 If:

- (a) an Access Provider fails to comply with a timeframe under this RAO; and
- (b) the Access Provider considers that such failure was caused or contributed to by the necessary third party involvement or other matters reasonably outside the Access Provider's control (for example, where approval from local or other authority is required),

The Access Provider must notify the Commission of such non-compliance and such third party involvement, and provide the contact details of such third party, to permit the Commission to investigate the non-compliance.

(b) any requirement for the Access Provider to modify its facilities or Equipment in order to meet the Access Request will not, on its own, mean that the access is not technically feasible;

(c) if the Access Provider asserts that meeting the Access Request would have an adverse impact on network reliability, the Access Provider must provide evidence that provision of the requested Facilities and/or Services would result in a specific and significant adverse impact on network reliability; and

(d) the Access Provider must be able to demonstrate that it has considered and found not to be technically feasible (in accordance with this subsection) improvements that would allow the Access Provider to meet the Access Request (in whole, or in part, and including for an interim period until any primary difficulties can be resolved).

(a) already carrying traffic to capacity or near full capacity; or

(b) already reserved for future use by the Access Provider or another Access Seeker, where such future use shall commence not later than six (6) months from the date of the Access Request. If the reserved capacity is not subsequently used by the reserving Party within seven (7) months from the date of the Access Request, the Access Provider must promptly inform the Access Seeker and, if required by the Access Seeker, re-consider the Access Request in accordance with the process set out in this subsection 2.4 of this RAO; and

(c) in the case of both paragraphs 2.4.18(a) and 2.4.18(b) of this RAO, the Access Provider is unable to expand capacity to meet the requirements in the Access Seeker's Access Request.

(a) the criteria must be determined and applied by the Access Provider on a non-discriminatory basis;

(b) the fast-track process may be limited to the supply of Facilities and/or Services to the extent that such supplies do not have a material impact on the Access Provider's current level of network resources; and

(c) the Facilities and/or Services which may be the subject of a fast track application may be limited to Fixed Network Termination Service and Interconnect Link Service.

(b) that part of the network engineering group of the Access Provider responsible for interconnection or access,

for the purpose of responding to and planning for the Forecast and related Orders. The Access Provider must maintain records that indicate which persons are provided with access to Forecast Information and, on request from the Commission, provide a copy of such records certified by the Access Provider's Chief Executive Officer or Chief Operating Officer.

2.6.10 Distribution of Forecast Information: An Access Provider may only distribute Forecast Information of an Access Seeker outside the groups of people referred to in subsection 2.6.9 of this RAO if:

(a) the Forecast Information of the Access Seeker is aggregated with Forecasts provided by other Operators and the Access Provider's own requirements (so as to protect the confidentiality of the Forecast Information); and

(b) the Forecast Information or its use does not otherwise identify the Access Seeker, its services or its Customers in any manner.

2.6.11 Time for acceptance: The Access Provider must notify the Access Seeker within five (5) Business Days of receiving a Forecast whether or not the Access Provider considers the Forecast to be in compliance with the Forecast Request and:

(a) if, the Access Provider considers that the Forecast does comply with the Forecast Request, to specify in that notice the additional information which the Access Seeker is to provide to comply with the Forecast Request and the Access Provider will not require such information to be provided sooner than four (4) weeks after such a notice; or

(b) if, the Access Provider considers that the Forecast does not comply with the Forecast Request, to specify in that notice that the Forecast is provisionally accepted subject to verification of the details of the Forecast and the matters set out in paragraphs 2.6.12(a) to 2.6.12(d) of this RAO.

2.6.12 Reasons for rejection: An Access Provider may only reject a Forecast following provisional acceptance where the Access Provider reasonably believes that the Forecast is inaccurate or, there is insufficient capacity having regard to:

(a) total current usage of the Facilities and/or Services by the Access Provider and all Access Seekers;

(b) the current rate of growth of the Access Seeker's usage of the Facilities and/or Services;

(c) the current rate of growth of total usage of the Facilities and/or Services by the Access Provider and All Access Seekers; and

(d) subject to subsections 2.7.31 and 2.7.32 of this RAO, the amount of capacity in the Facilities and/or Services that the Access Provider currently has available and can reasonably provision for the Access Seeker over the Forecast period, which must be at least equivalent to that which the Access Provider can reasonably provision for itself.

2.6.13 Time for acceptance or rejection: The Access Provider must give notice of any acceptance or rejection ("**Rejection Notice**") of a Forecast to the Access Seeker:

(a) within fifteen (15) Business Days of receipt of the relevant Forecast; and

(b) such Rejection Notice (if any) must specify:

i. the grounds on which the Access Provider rejects the Forecast in accordance with subsection 2.6.12 of this RAO, at a sufficient level of detail to enable the Access Seeker to understand the basis of the rejection and to undertake its own re-assessment of the Forecast; and

ii. an offer to meet within five (5) Business Days of the Rejection Notice of the Forecast to discuss the reasons for rejection and alternative methods of compliance. The meeting shall take place between the Access Provider and Access Seeker if the offer is accepted by the Access Seeker.

2.6.14 Reconsideration by Access Seeker: The Access Provider must allow an Access Seeker to reconsider its Forecast following a Rejection Notice and allow the Access Seeker, within twenty-one (21) Business Days of receipt of a Rejection Notice, either:

(a) to confirm its rejected Forecast, and explain why the Access Seeker considers that the Access Provider is obliged to accept the Forecast under this RAO; or

(b) to submit a new Forecast which the Access Seeker regards as meeting the Access Provider's concerns.

2.6.15 Reconsideration by Access Provider: The Access Provider shall reconsider any re-submitted or amended Forecast provided pursuant to subsection 2.6.14 of this RAO and subsections 2.6.11 to 2.6.13 of this RAO shall re-apply.

2.6.16 Recovery for over-forecasting: An Access Provider shall not seek to recover any costs or expenses incurred due to its acceptance of a Forecast from an Access Seeker if the Forecast is not met by the Access Seeker unless:

(a) such costs and expenses were reasonably and necessarily incurred by the Access Provider;

(b) the Access Provider reasonably seeks to mitigate its loss (including through its own usage) provided the Access Provider shall not be required to do so for any greater period than the relevant Forecast period; and

(c) the Access Provider only recovers from the Access Seeker, seventy-five percent (75%) of such costs and expenses which could not be mitigated under paragraph 2.6.16(b) above.

(b) a contact point to which Orders for access to Facilities and/or Services are to be delivered (such as an e-mail address); and

(c) a mechanism where Orders for access to Facilities and/or Services can be made (such as a web portal or B2B gateway), provided that if such a mechanism is the only method which the Access Provider provides for the receipt of Orders for that Facility and/or Service, the Access Provider cannot require the Access Seeker to unreasonably invest in specialised technology or systems (such as an automated interface between the Operational Support Systems of the Operators).

2.7.2 Order content: Prior to access being provided, an Access Provider may require an Access Seeker to provide it with an Order which outlines the Access Seeker's access requirements. An Access Provider may request an Access Seeker to provide, at a level of detail (sufficient for planning and provisioning), the following information in an Order for access to Facilities and Services:

(a) the Facilities and/or Services to which access is requested;

(b) a requested date and time for delivery;

(c) the location of the points of delivery;

(d) Equipment of the Access Seeker to be used in connection with the Order, to the extent it may adversely affect the Access Provider's Network; and

(e) such other information that the Access Provider reasonably requires in order for it to provision access to the Facilities and/or Services as requested by the Access Seeker, provided that such information shall not include any information which:

i. the Access Provider does not require from itself for similar provisioning;

ii. identifies, or which enables the identification of, a Customer or services of the Access Seeker; or

iii. is non-permitted information under subsection 2.4.16 of this RAO.

2.7.3 Use of ordering information: Ordering information provided by the Access Seeker shall be treated by an Access Provider as Confidential Information of the Access Seeker and shall only be used by those persons within the Access Provider whose role is within:

(c) otherwise treat all Orders and Service Qualifications in each queue in compliance with its queuing policy established under subsection 2.7.29 of this RAO.

2.7.5 Acknowledgment of receipt: An Access Provider shall acknowledge receipt of an Order for Facilities and/or Services, in writing (or any other material or electronic form as agreed by the parties), within the period specified in the Service Specific Obligations for the purposes of this subsection 2.7.5 of this RAO.

2.7.6 Notice of Receipt: The Access Provider must include in its Notice of Receipt the following information:

(a) the time and date of receipt of the Order;

(b) a list of any additional information reasonably required by the Access Provider from the Access Seeker to clarify provision the Order; and

(c) if the relevant Facilities and/or Services available to the Access Provider are below the capacity required to provide the relevant Facilities and/or Services to the Access Seeker, the Access Provider shall inform the Access Seeker of the available capacity and timeframe for the fulfilment of the Order at the available capacity and (if relevant) with such augmentation as may be required to fulfil the Order as submitted;

(d) whether the Access Provider needs to perform post-Order Service Qualification because information is not readily available to the Access Provider, for example in its Operational Support Systems, together with the reasons for needing to undertake the Service Qualification; and

For clarification, an Access Seeker may also seek the consent of the Access Provider to perform a Service Qualification on its own, and such consent must not be unreasonably withheld.

2.7.9 Commencement or completion of Service Qualifications: The Access Provider shall commence a Service Qualification on the date of issuing a Notice of Receipt and complete and notify the Access Seeker of the result of any Service Qualification within the shorter of:

(a) fifteen (15) Business Days after the date of the Notice of Receipt; and

(b) the time within which the Access Provider performs and notifies the result of an equivalent Service Qualification undertaken for itself.

2.7.10 Withdrawal of Order following Service Qualifications: An Access Provider shall permit an Access Seeker to withdraw its Order without penalty (irrespective of whether the Access Provider has accepted the Order or not) before the earlier of:

(a) ten (10) Business Days after the Access Seeker receives the result of a Service Qualification under subsection 2.7.9 of this RAO; and

(b) one (1) Business Day before the Access Provider commences civil works to provision the Order (where the civil works are required to provision the Facility and/or Service within the delivery timeframe specified in the Notice of Acceptance), and any civil works to be conducted must be subject to the issuance of a notice in writing by the Access Provider, which may be in the form of a Notice of Acceptance if civil works is to occur after the Access Provider has accepted the Order.

2.7.12 Time for acceptance or rejection: The Access Provider must notify the Access Seeker that an Order is accepted or rejected within:

(a) the specified timeframe in the Service Specific Obligations for the purposes of this subsection 2.7.12; and

(b) the timeframe within which it accepts or rejects equivalent Orders for itself,

whichever is shorter.

If the Access Provider notifies the Access Seeker that an Order is rejected, the Access Provider must advise the Access Seeker whether the Access Provider would be able to accept the Order in a modified form.

2.7.13 Notice of Acceptance: An Access Provider's Notice of Acceptance to the Access Seeker must contain the following information:

(a) the delivery date or activation date (as applicable), which must be the date that is requested by the Access Seeker, or, if that date cannot be met by the Access Provider, then no later than:

i. the indicative delivery timeframe or activation timeframe specified in the Service Specific Obligations for the purpose of this subsection 2.7.13; or

ii. the period of time taken by the Access Provider to deliver, or activate, such Facilities and/or Services for itself,

whichever is shorter;

(d) such information as is reasonably necessary for the Access Seeker to benefit from access to the Facilities and/or Services; and

(e) the validity period, which shall be a period that is not shorter than three (3) months commencing from the date of the Notice of Acceptance (“**Validity Period**”).

2.7.14 Commencement of delivery timeframes: The applicable delivery timeframe for an Order, as determined under paragraph 2.7.13(a) of this RAO, shall commence from:

(a) where the Access Seeker’s confirmation of an Order is required under subsection 2.7.15 of this RAO, the date the Access Seeker confirms the Order in accordance with that subsection; and

(b) in any other case, from the start of the Validity Period.

2.7.15 Access Seeker’s confirmation:

(a) The Access Seeker’s confirmation of an Order is not required if not required if the Access Provider accepts the Order without change. A change may include circumstances where delivery dates are delayed, estimated charges are exceeded, a post-Order Service Qualification is required or any other matter that requires further confirmation from the Access Seeker before the Access Provider can proceed with the Order.

(b) Where the Access Seeker’s confirmation is required for the Access Provider to proceed with fulfilling an Order as provided under paragraph 2.7.15(a) above, the Access Provider shall permit the Access Seeker to provide its confirmation within the Validity Period and shall not provision the Order until the confirmation is received. Upon receipt of such confirmation, the Access Provider shall fulfil the Order in accordance with the Notice of Acceptance.

2.7.16 Estimated charges: If the Notice of Acceptance provided by the Access Provider contains estimates of charges (e.g based on time and materials):

(a) the Access Provider shall not exceed the estimate without providing the Access Seeker with a written notice prior to exceeding the estimate that:

- i. the estimate will likely be exceeded;
- ii. an explanation of the reasons for exceeding the estimate; and
- iii. a further estimate of the charges for the work necessary to fulfil the Order;

(b) the Access Provider shall permit the Access Seeker to withdraw the Order without penalty within ten (10) Business Days of the notice given by the Access Provider under paragraph 2.7.16(a) above if the revised estimate in that notice exceeds the original estimate by more than ten percent (10%);

(c) where the actual cost incurred by the Access Provider exceeds an estimate or revised estimate for a specific scope of work provided by the Access Provider due to:

- i. information or facts provided by the Access Seeker which are inaccurate or erroneous or not disclosed by the Access Seeker; or
- ii. a change in the scope of work by the Access Seeker,

the Access Seeker shall be obliged to pay the Access Provider for the actual cost incurred (but in no other circumstances); and.

(d) the Access Provider shall commence work after the Access Seeker confirms that it is agreeable to the estimate or revised estimate, whereby such confirmation to be provided by the Access Seeker within the timeframe set out in paragraphs 2.7.13(e) or 2.7.16(b) of this RAO, as applicable.

2.7.17 Reasons for rejection: An Access Provider may only reject an Order from an Access Seeker where:

(a) subject to subsection 2.4.17 of this RAO (as if references to 'Access Request' in that subsection were references to 'Order'), it is not technically feasible to provide access to the Facilities and/or Services requested by the Access Seeker;

(b) subject to compliance with subsections 2.7.31 and 2.7.32 of this RAO, the Access Provider has insufficient capacity to provide the requested Facilities and/or Services;

(c) subject to subsection 2.7.19 of this RAO, the Order is in excess of agreed Forecast levels;

(d) the Order or variation request duplicates an Order awaiting fulfilment;

(e) the Access Seeker has not obtained the necessary related agreements from the Access Provider (e.g. regarding access to a new Point of Interface);

(f) there are reasonable grounds to believe that the Access Seeker would fail to a material extent, to comply with the terms and conditions of the Access Agreement and such concern cannot be addressed to the Access Provider's satisfaction, acting reasonably (e.g. through a security requirement in accordance with this RAO); or

(g) there are reasonable grounds to believe that the Access Seeker would fail, in connection with the supply of the Facilities and/or Services to protect the integrity of a Network; or the safety of individuals working on, or using services supplied by means of, a Network or Equipment and such concern cannot be addressed to the Access Provider's satisfaction, acting reasonably (e.g. through the application of reasonable security or escorted access requirements).

2.7.18 Notice of rejection: An Access Provider's notice of rejection of an Order to the Access Seeker must:

(a) set out the grounds on which the Access Provider rejects the Order, at a sufficient level of detail to enable the Access Seeker to understand the basis of the rejection and to undertake its own re-assessment of the Order; and

(b) offer to meet, and meet if the offer is accepted by the Access Seeker, within five (5) Business Days of the notice of rejection of the Order to discuss the reasons for rejection and alternative methods of compliance.

2.7.19 Order in excess of Forecast: Notwithstanding paragraph 2.7.17(b) of this RAO, an Access Provider must use its reasonable efforts to provide sufficient capacity to enable the Access Provider to accept and fulfil Orders from an Access Seeker for Facilities and/or Services or both which are

in excess of the relevant Forecast. The Access Provider is only required to do so if, after meeting the Forecast requirements of other Access Seekers and itself, there is available capacity or the Access Provider could readily upgrade existing capacity. The Access Provider shall allocate the available capacity on a non-discriminatory basis to meet the over Forecast requirements of all Access Seekers and itself. An Access Provider is not required to supply Facilities and/or Services in excess of the Forecast if, despite adopting any reasonable improvements (including upgrading capacity), this would cause a material degradation in the quality of Facilities and/or Services provided to all Access Seekers and/or itself.

2.7.20 Required extra capacity: An Access Provider may require an Access Seeker to procure such additional capacity on the Access Seeker's side of the Network to the extent that the Access Provider, in good faith and reasonably, estimates that the Operators may require additional capacity to meet demand and a failure by the Access Seeker to procure that additional capacity may cause an adverse impact on the operation of the Access Provider's Network. Where the Access Seeker fails to so procure additional capacity and the demand exceeds the capacity on the Access Seeker's Network, the Access Provider must notify the Access Seeker in writing, and the Access Seeker and the Access Provider must meet [no later than five (5) Business Days after receipt of the notice from the Access Provider] to attempt to identify alternative sources of capacity. If the matter cannot be resolved within ten (10) Business Days of the date of that meeting, the Access Provider may bar or block calls or traffic to the Access Seeker's Network to the extent necessary to minimise congestion within the Access Provider's Network.

2.7.21 Other uses: An Access Provider shall permit capacity installed in connection with the provision of a network service to be used, to the extent technically feasible, in connection with another network service, at the Access Seeker's option.

2.7.22 Delivery dates: The Access Provider shall deliver the Order for the Facilities and/or Services by the delivery date or activation date (as applicable) as specified in the Notice of Acceptance or the extended delivery date (if any) as determined in accordance with subsection 2.7.24 of this RAO.

2.7.23 Early delivery dates: If the Access Provider, in the normal course of business, is able to offer a delivery date earlier than the delivery date that would otherwise apply, it must advise the Access Seeker and, if requested by the Access Seeker, deliver access to the relevant Facilities and/or Services or both at the earlier delivery date.

2.7.24 Delayed delivery dates: Where there is a delay in the delivery of an Order:

(a) the delay is caused by the Access Provider:

i. the Access Provider shall notify the Access Seeker of the delay to the delivery date, together with the reasons for the delay, as soon as practicable after the Access Provider becomes aware of the possible delay;

ii. the Access Provider shall permit the Access Seeker to cancel the Order without penalty if the delay is longer than the equivalent time period for the delivery of the Facility and/or Service; and

iii. the delivery date shall be extended for a further period as reasonably necessary, and the Access Provider shall promptly notify the Access Seeker of the revised delivery date; or

(b) where the delay is caused by the Access Seeker:

- i. the Access Provider shall notify the Access Seeker of the delay to the delivery date as soon as practicable after the Access Provider becomes aware of it;
- ii. the Access Provider and Access Seeker must work together to minimise the delay; and
- iii. the delivery date shall be extended for a further period as reasonably necessary, and the Access Provider shall promptly notify the Access Seeker of the revised delivery date.

2.7.25 Cancellation and variation of Orders: An Access Provider shall allow an Access Seeker to cancel or vary an Order at any time subject to subsection 2.7.26 of this RAO.

2.7.26 Cancellation or variation penalty: Except where this RAO provides that cancellation of an Order is to be at no penalty:

- (a) the Access Provider may impose a charge for the cancellation or variation of the Order; and
- (b) the charge which the Access Seeker is required to pay shall not exceed the lesser of the following amounts:
 - i. the sum of costs necessarily incurred by the Access Provider which is directly attributable to the cancellation or variation; or
 - ii. an amount equal to the sum of charges that would have been payable by the Access Seeker in the six (6) months immediately following the cancellation or variation had the Order not been cancelled or varied,

and reduced to the extent that those costs have been mitigated, or would have been, mitigated had the Access Provider used its best endeavours to do so.

2.7.27 Testing and provisioning: An Access Provider shall:

- (a) co-operate with the Access Seeker in relation to the testing and provisioning of ordered Facilities and/or Services; and
- (b) treat an Access Seeker's testing and provisioning on an equivalent basis to that which the Access Provider treats testing and provisioning for itself.

2.7.28 Resource charge: An Access Provider:

- (a) may charge the Access Seeker a one-off fee, to be determined by reference to the costs incurred by the Access Provider, for allocation of manpower and other resources to enable the Access Provider to test and provide a new Facilities and/or Services, provided that such one-off fee is justified by the Access Provider to the Access Seeker as necessary for the Access Provider to provide the requested Facilities and/or Services; and
- (b) must specify the methodology and unit costs for calculating any fees under paragraph 2.7.28(a) above, and in its RAO.

2.7.29 Queuing policy: An Access Provider shall establish and demonstrate and maintain a queuing policy system for each Facility and/or Service, which:

(a) shall be non-discriminatory;

(b) shall be applied to Orders and Service Qualifications of all Access Seekers and Service Qualifications for itself for the same or similar Facilities and/or Services, and shall treat the Orders and Service Qualifications of Access Seeker on an equivalent basis to that which the Access Provider treats its own Orders and Service Qualifications for the same or similar Facilities and/or Services; and

(c) shall seek to maximise the efficiency of its ordering and provisioning process.

2.7.30 Acceptance on queue: An Access Provider shall promptly notify an Access Seeker at the time of providing an acknowledgment of receipt of the Order under subsection 2.7.5 of this RAO (and as specified in the Notice of Receipt under subsection 2.7.6 of this RAO), of their acceptance of, and position in, the Access Provider's queue.

2.7.31 Constrained capacity: If an Access Provider reasonably believes that the capacity in any Facilities and/or Services required by:

(a) the Access Seeker pursuant to the relevant Forecasts and/or Orders;

(b) other Access Seekers, pursuant to their relevant Forecasts and/or Orders; and

(c) the Access Provider, for the purposes of its own divisions, subsidiaries, partners or other entities in which it has a direct or indirect equity, contractual or other interest,

would, in aggregate, exceed the capacity which the Access Provider will be in a position to be able to provide, the Access Provider must:

(d) notify all Access Seekers to whom relevant capacity is supplied; and

(e) allocate the available capacity between itself, the Access Seeker and other Access Seekers in accordance with the Access Provider's Capacity Allocation Policy.

2.7.32 Capacity Allocation Policy: If the Access Provider claims or is likely to claim that it has insufficient capacity to meet an Access Seeker's Forecasts or Orders, the Access Provider shall maintain a Capacity Allocation Policy, which:

(a) shall be disclosed, free of charge, to each Access Seeker upon entry into an Access Agreement, the Commission upon the Effective Date, to both Access Seekers with whom the Access Provider has an Access Agreement and the Commission each time it is amended, and any other Operator on request;

(b) shall set out the principles in accordance with which the Access Provider shall determine how to allocate capacity between itself (including its related bodies corporate) and any other Operator or Operators, in circumstances where the amount of capacity available is less than the aggregate of capacity required by the Access Provider, its related bodies corporate and the other Operator or Operators; and

(c) shall:

i. be fair and reasonable;

ii. be consistent, so far as practicable, with the Access Provider's general duty of non-discrimination in accordance with subsection 149(2) of the Act;

iii. treat the requirements of the Access Seeker and third parties on an equivalent basis to the Access Provider's own divisions, subsidiaries, partners or other entities in which it has a direct or indirect equity, contractual or other interest; and

iv. allocate the available capacity in the relevant Facilities and/or Services in proportion to each Operator's Forecast and/or Order requirements.

(d) shall set out the Access Provider's plans to expand their capacity over time (if any), where such information must be provided to Access Seekers on a non-discriminatory basis in terms of its content and frequency of updates.

2.7.33 Late delivery: If an Access Provider fails to meet the delivery date or any extended delivery date notified to the Access Seeker in accordance with paragraph 2.7.24(a)iii, except where such failure has been caused solely by the Access Seeker's delay or lack of authorisation by a third party, the Access Provider shall, without limitation to any other rights the Access Seeker may have under subsection 2.7 of this RAO or law, provide a rebate to the affected Access Seeker. The rebate shall be for an amount equivalent to the recurring charges payable for access to the Facilities and/or Services for the period of the Access Provider's delay, and the methodology and unit rates for calculating such rebates shall be set out in the Access Provider's RAO. If the Access Providers alleges that a failure has been caused solely by the Access Seeker's delay or lack of authorisation by a third party, the Access Provider shall have the burden of demonstrating:

(a) that allegations; and

(b) that the Access Provider has done all things reasonably practicable to minimize or avoid such failure.

2.8 POINT OF INTERFACE PROCEDURES

2.8.1 Interconnection: Each Operator shall interconnect and keep its Network interconnected with the Network of another Operator in accordance with the terms of an Access Agreement with that Operator.

2.8.2 Point of Interface locations:

(a) Subject to subsection 2.9.31 of this RAO, each Access Provider shall publish on its publicly accessible website and keep updated a list of the general locations and technically feasible points:

i. at which physical co-location is available;

ii. in respect of which virtual co-location is available; and

iii. in respect of which in-span interconnection is available,

on and from the date of publication for the following twelve (12) months.

(b) The Access Providers shall ensure that network co-location at each POI is offered to the Access Seeker in accordance with subsection 3.9 of this RAO.

2.8.3 Access Seeker requested Point of Interface: An Access Provider shall reasonably consider a request by an Access Seeker to interconnect at a point other than that specified under subsection 2.8.2 of this RAO. The Access Provider shall promptly notify the Access Seeker whether it accepts or refuses a request by an Access Seeker under this subsection, and provide the Access Seeker with reasons if it refuses the Access Seeker's request.

2.8.5 Third party Point of Interface: An Access Provider shall permit an Access Seeker to nominate a Point of Interface of a third party for the purposes of interconnection and access between the Access Provider and the Access Seeker, provided that the Access Seeker remains responsible for the costs of such interconnection and access, and for the third party's act and omissions at the Point of Interface.

2.8.6 Point of Interface factors: When determining which locations are to be listed under paragraph 2.8.2(a) of this RAO, or when determining a request under subsection 2.8.3 of this RAO, each Access Provider must have regard to each of the following:

(a) the Access Provider shall offer (but shall not require) POI and colocation for every Closed Number Area throughout Malaysia in which the Access Provider has network facilities;

(b) in addition to offering POI and co-location in accordance with paragraph 2.8.6(a) above, the Access Provider shall offer interconnection and co-location at each other technically feasible point;

(d) the Access Provider shall not reserve space other than current needs for itself, future needs [calculated by use of a reasonably projected rate of growth over two (2) years] and the needs of other Access Seekers who are currently occupying or have ordered additional space from that Access Provider; and

(e) any possible re-arrangement of the configuration of its Equipment to eliminate space inefficiencies.

2.9 DECOMMISSIONING OBLIGATIONS

2.9.1 Decommissioning notice: Except where an Access Provider is required to vacate a site where a Point of Interface is located, or any other Facility and/or Service which relies on the Access Provider's use of that site, as a result of a third party landlord's notice (under an arm's length tenancy agreement) or a local authority's notice, an Access Provider must provide no less than:

(a) one (1) year's notice in writing to all relevant Access Seekers prior to any the decommissioning of a Point of Interface; or

(b) six (6) month's' notice in writing to all relevant Access Seekers prior to the decommissioning of any Facilities and/or Services which rely on the Access Provider's use of that site.

Where an Access Provider is required to vacate the site as a result of a third party landlord's notice (under an arm's length tenancy agreement) or a local authority's notice, the Access Provider must provide all relevant Access Seekers with as much notice as possible in relation to the matters in paragraphs 2.9.1(a) and 2.9.1(b) above.

(b) to decommission any other Facilities and/or Services, shall provide to the Access Seeker access to alternative Facilities and/or Services on terms and conditions and at a recurring charge which are not disadvantageous to the Access Seeker, relative to the terms and conditions and recurring charge applicable in respect of the Facilities and/or Services that are proposed to be decommissioned, for a period that is not less than three (3) years from the date of decommissioning.

2.9.4 Decommissioned Point of Interface compensation: An Access Provider shall pay the Access Seeker reasonable costs, necessarily incurred in:

2.2 The following dispute resolution mechanisms are discussed in this section:

- (a) inter-party working groups;
- (b) interconnect steering group; and
- (c) subject to specific resolution of disputes, being:

At the commencement of the Dispute Resolution Procedures, each party must notify the other party of the scope of the authority of each of their representatives. If, in the course of the Dispute Resolution Procedures, it is identified that the matters to be resolved are outside the initial term of reference for which authority was given to a representative, a party may require that those matters be referred to more senior officers of that Operator who have authority to settle those matters.

3.3 During a Dispute and any dispute resolution process invoked in accordance with this Annexure, an Access Provider and Access Seeker must continue to fulfil their obligations under the Access Agreement between them.

3.8 The costs of the arbitration are to be shared equally between the parties, unless the arbitrator of the Dispute has decided not to determine the Dispute in accordance with subsection 3.7 above. If an arbitrator decides not to determine the Dispute, the party that initiated the Dispute must pay the other party's costs.

4. Inter-party working group

4.1 In the first instance the Access Seeker and the Access Provider should attempt to resolve the Dispute between themselves.

5.2 In the event that a dispute is referred to an ISG under subsection 5.1, the Parties shall promptly form a committee comprising the ISG with an equal number of appropriate representatives from each party.

5.3 The ISG to which an issue has been raised will meet within ten (10) Business Days of the receipt by the Receiving Party of a Notice under subsection 5.1 of this Annexure. If the ISG fails to meet or has not been formed within ten (10) Business Days of the receipt by the Receiving Party of the Notice, either Party may refer the Dispute:

- (a) to the extent the issues in dispute are technical in nature, to a Technical Expert (in accordance with section 6 of this Annexure); or

6.11 Every Dispute referred to a Technical Expert will be considered separately so that time limits for each dispute are complied with.

6.12 The Technical Expert's decision will be binding on the Parties (in the absence of manifest error of fact or law).

7. Billing Dispute resolution

7.1 As outlined in the billing provisions of this RAO at subsection 2.11, a party ("**Invoicing Party**") shall provide to the other party ("**Invoiced Party**") an Invoice in writing, or in such electronic form as may be agreed from time to time, for amounts due in respect of the supply of Facilities and/or Services during such Billing Period.

7.2 An Invoicing Party shall allow an Invoiced Party to dispute an Invoice prepared by the Invoicing Party if:

(a) in the case of domestic calls and interconnection, the Invoiced Party notifies the Invoicing Party within thirty (30) Business Days after the date of receipt of such Invoice;

(b) in the case of outgoing and incoming international calls and interconnection, the Invoiced Party notifies the Invoicing Party within six (6) months after the date of receipt of such Invoice; and

(c) in case of any other Facilities and/or Services, the Invoiced Party notifies the Invoicing Party within thirty (30) Business Days after the date of receipt of such invoice,

provided that, in any case specified above, the Invoiced Party's Billing Dispute Notice specifies the information in accordance with subsection 7.4 of this Annexure.

7.3 A Billing Dispute may only arise where the Invoiced Party has reasonable grounds to believe that an error has arisen from one of the following circumstances:

(a) the Invoicing Party's Billing System is, or has been, defective or inaccurate in respect of the recording of the calls which are the subject of the Dispute;

(b) there is, or has been, a discrepancy between the Invoice in dispute and the records generated by the Invoiced Party's Billing System;

(c) there is, or has been, a fraud perpetrated by the Invoicing Party; or

(d) the Invoicing Party has made some other error in respect of the recording of the calls or calculation of the charges which are the subject of the Billing Dispute.

7.4 A Billing Dispute Notice given under this section 7 must specify:

- (a) the reasons for which the Invoiced Party disputes the Invoice is disputed;
- (b) the amount in dispute;
- (c) details required to identify the relevant Invoice and charges in dispute including:
 - (i) the account number;
 - (ii) the Invoice reference number;
 - (iii) the Invoice date;
 - (iv) the Invoice amount; and
 - (v) billing verification information; and
- (d) evidence in the form of a report, indicating the relevant traffic data which is in dispute.

7.5 The Invoiced Party may withhold payment of amounts disputed in good faith in accordance with subsection 2.11.11 of this RAO. If the Billing Dispute is resolved against the Invoiced Party, that Invoiced Party shall be required to pay interest at the rate specified in subsection 2.11.15 of this RAO on the amount payable.

7.6 Where the Invoiced Party has paid an amount and subsequently notifies the Invoicing Party of a Billing Dispute in relation to that amount within the Billing Dispute Notification Period, the Invoicing Party is not obliged to refund any or all of that amount until the Billing Dispute is resolved in respect of that amount. Once the Billing Dispute is resolved, if the Invoicing Party is obliged to refund an amount to the Invoiced Party, interest will be payable on the refunded amount at the rate specified in subsection 2.11.15 of this RAO. In such circumstances, interest will be payable from the date the Invoiced Party paid the disputed amount to the date of the refund by the Invoicing Party.

7.7 The parties agree to use their reasonable endeavours to promptly resolve any Billing Dispute notified under this section 7.

7.8 If the parties are unable to resolve any Billing Dispute within one (1) month (or such other period as the parties may agree) from the date on which the Billing Dispute Notice is received, either party may seek the consent of the other party to extend the period for resolution of the Billing Dispute stating the exceptional reasons for such extension. The other party is, however, under no obligation to agree to such extension.

7.9 To the extent that a Billing Dispute notified under this section involves a Billing Dispute with an international correspondent of the Invoicing Party, the Dispute Resolution Procedures shall be suspended for a reasonable period of time pending resolution of the Billing Dispute with that international correspondent. As a general rule, the period of suspension will not exceed four (4) months. However, the parties shall recognise that some Billing Disputes with international correspondents may take longer to resolve, in which case the Invoicing Party must promptly inform the Invoiced Party of the likely period required for resolution.

7.10 Once the negotiation period under subsection 7.8 of this Annexure (including any extension agreed) and any suspension period under subsection 7.9 of this Annexure have expired, the Billing Dispute may be referred by the Invoiced Party to the procedure described in subsection 7.11 of this Annexure (“**Billing Dispute Escalation Procedure**”).

7.11 The Invoiced Party may refer a Billing Dispute to the Billing Dispute Escalation Procedure under this subsection 7.11 by notifying the Invoicing Party’s Billing Representative. Both parties shall then appoint a designated representative that who has authority to settle the Billing Dispute, and who is at a higher level of management than the persons with direct responsibility for administration of this RAO. The designated representatives shall meet as often as they reasonably deem necessary in Order to discuss the Billing Dispute and negotiate in good faith in an effort to resolve such Billing Dispute. The specific format for such discussions will be left to the discretion of the designated representatives, however all reasonable requests for relevant information made by one party to the other party shall be honoured.

The Parties agree that confidentiality obligations set out herein shall equally apply to any Confidential Information that is disclosed to a Receiving Party prior to the Effective Date.

2. Exclusions. Nothing in this Clause will in any way prevent or unreasonably delay the obligation of the Receiving Party to comply with the said disclosure requirements; or **(f)** is authorised by the Disclosing Party to be disclosed.
3. Oral Disclosure. Any Confidential Information that is disclosed orally shall be subject to the confidentiality obligations by the Receiving Party if it is reasonably understood from the nature of the information that such disclosure should be treated as confidential, if the Receiving Party ought reasonably to have known that such information ought to be treated as confidential or if the Disclosing Party orally specifies that such information is being disclosed in confidence.
4. Duration of Confidentiality. 9. Remedies. Upon any actual or threatened breach of this Agreement by the Receiving Party or its Representatives, which will diminish the value of the proprietary interests in the Confidential Information, the Receiving Party acknowledges that damages may not be a sufficient or adequate remedy and accordingly the Disclosing Party may seek specific performance or injunctive relief (as appropriate) against such breach, in addition to any other rights or remedies which such Party may have at law or in equity.

The Disclosing Party represents that it has the right to disclose the Confidential Information.
